

PUTTER FITTING STUDIO

At the Kitchen Sync Putter Fitting Studio we utilize state-of-the-art V1 video analysis as well as a unique laser/reflector system to diagnose your putting stroke, as well as address position.

Is your stroke better suited for a blade or mallet style? Do you need a face-balanced putter or do you need some toe hang? How much toe hang? What is the proper length and lie angle you need for your stroke? Keep in mind that putters have loft and an improper fit putter will make the ball launch off of your putter to the right or to the left; causing missed putts.

These are all questions you will get answers to from your experience in the "Kitchen Sync".

PUTTER FITTING

\$30

Up To 30 Minutes

Finding the right putter is an extremely personal process. We have made an endless amount of evaluating tools and equipment at our customer's disposal. Master your short game with confidence you have been fit with the right loft, length and lie.

PRECISION CLUB & BALL FLIGHT ANALYSIS

The Launch Kitchen is a state of the art fitting facility to outfit our customers to the equipment that fits them the best. Whether it's your Driver, Irons or Wedge and gap fitting, The Launch Kitchen will help fit you to maximize your game. We utilize the TrackMan Pro 3e which is the newest, most technologically advanced launch monitor on the market today. Through the use of doplar radar the TrackMan measures all the necessary club and ball data to help our professional fitters help decide what's best for you.

DRIVER FITTING \$60

Up To 60 Minutes

Shopping for a new driver? Wondering if you can improve the performance of the driver that's already in your bag? Let our PGA & TrackMan Fitting Specialists help you discover the distance, accuracy, and consistency you're looking for. We will help you choose the correct driver specs (loft, shaft, flex) and in some cases even the golf ball that will help you maximize your potential.

YARDAGE GAP FITTING \$60

Up To 60 Minutes

Whether you are buying new clubs or just figuring out if what you have is good for you, Yardage Gap Fitting will deliver a better understanding of what lofts are most beneficial for utilizing maximum performance through your entire set. Fairway woods, Hybrids, Irons, and Wedges will all be tested to make sure that you are hitting all of the distances you want to hit; with correct gap spacing. INCLUDED IN THIS PRICE is any loft/lie bending that can be done by the staff at Maple Hill Golf.

IRONS (& WEDGES) FITTING \$60

Up To 60 Minutes

Perfect for those looking for new irons or wedges, this fitting identifies the proper shaft, flex, length, lie angle, grip size, and lofts for irons and wedges. Our goal will be to maximize your potential for your iron & wedge game. Iron-to-wedge gapping will be included in this fitting.

DRIVER FITTING --- THE WORKS \$90

Up To 90 Minutes

This fitting is designed for the golfer that really isn't sure what to try/get fit for. This will be the most in-depth Driver fitting that is offered in the Launch Kitchen. Any and all brands that the golfer wants to explore will be explored. We will help you choose the correct driver specs (loft, shaft, flex) and in some cases even the golf ball that will help you maximize your potential.

** NOTE: This is not for the inexperienced/beginner golfer. It's for the golfer that simply wants to start from scratch and get the entire experience in 90 minutes.

ENTIRE SET FITTING \$125

Up To 120 Minutes (Broken into 2 Sessions)

BEST VALUE! Perfect for the person looking for a new complete set of clubs and wants to make sure that every club in their set is exactly perfect for them. Our TrackMan Fitting Specialist will go over every club that you are interested in and make sure that they are perfect for you. (Excludes a Putter Fitting)

TRACKMAN COMBINE \$60

Up To 60 Minutes (12 Sessions for \$300)

Perfect for the High School or College student aspiring to get to the next level. Utilized by most NCAA golf teams, the TrackMan Combine tracks your progress as you work to improve your game. Scores from the TrackMan Combine can easily be sent to your College/Swing Coach, allowing them to monitor your strengths, weaknesses and progress. Anyone interested in a college scholarship or collegiate players interested in a golf career should utilize this service.

GOLF BALL FITTING \$20

Up To 15 Minutes

Often ignored, the golf ball is one of the most important pieces of equipment in your bag. By testing spin rates with your driver, fairways, hybrids, irons, or wedges, and considering the aspects of the game that are most important to you (distance, control, greenside spin, etc.), our TrackMan Fitting Specialist will recommend the best possible golf ball for your game.

IRONS FITTING --- THE WORKS \$90

Up To 90 Minutes

This fitting is designed for the golfer that really isn't sure what to try/get fit for. This will be the most in-depth Iron fitting that is offered in the Launch Kitchen. Any and all brands that the golfer wants to explore will be explored. Fitting identifies the proper shaft, flex, length, lie angle, grip size, and lofts for irons.

** NOTE: This is not for the inexperienced/beginner golfer. It's for the golfer that simply wants to start from scratch and get the entire experience in 90 minutes.
